

DECLARATION OF CONFORMITY VZ-45

Product name and type:
Tune-S

Producer:

Company name: Systemair Production a. s.

Address: Hlavná 371, 90043 Kalinkovo

Company Id. Number: 00683868

Address of production: Kalinkovo

Product description and determination:

Tune-S is a control and shut off damper for rectangular ducts. It is available in various versions with blade tightness class 3 to 4 and casing tightness class C tested according to EN 1751. A1 version is ideal in simple installations for regulating the air volume in circular ducts. The damper is applicable for duct installation with airtight requirements towards the outside of the duct or to minimize the leakage towards the outside surroundings (for example hospital patient rooms, industry applications, etc). It is ideal for use as a shut off damper where different parts of the system need to be airtight separated from each other because of the dangerous materials contained in the air (surgery rooms). It can also be used as a shut off damper for air handling units, combined with a spring return actuator. In case of power outage the damper can maintain a fully closed position. The damper can be supplied in a manual or motorized version with an integrated position indicator. The maximum allowed temperature is 100°C. The maximum duct pressure is 1000 Pa.

Technical specification:

TPI-45

Used standards:

STN EN 1751, STN EN 12589, STN EN 13182

The producer announce in accordance with law of constructional products, that

product is in conformity

with stated technical and law instructions. This declaration of conformity is published by the producer on his own responsibility.
