

Weather protection grille (WSG)

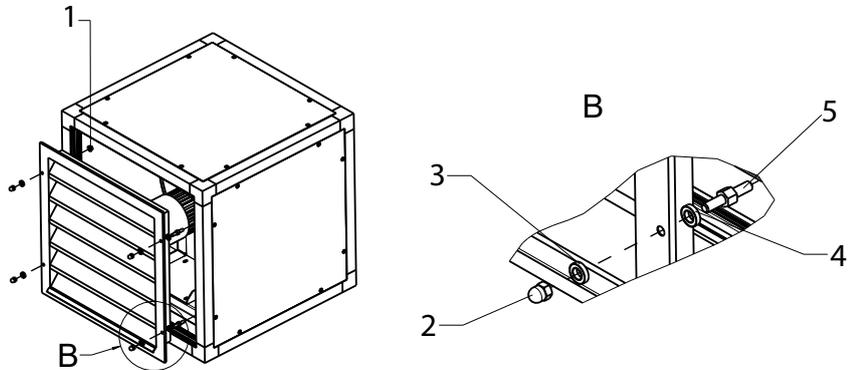

Note:

For reasons of space there are two versions of Weather protection grille (WSG) existing, a standard version and a "turned" version. Please choose the correct WSG for your Multibox from the Systemair online catalogue.

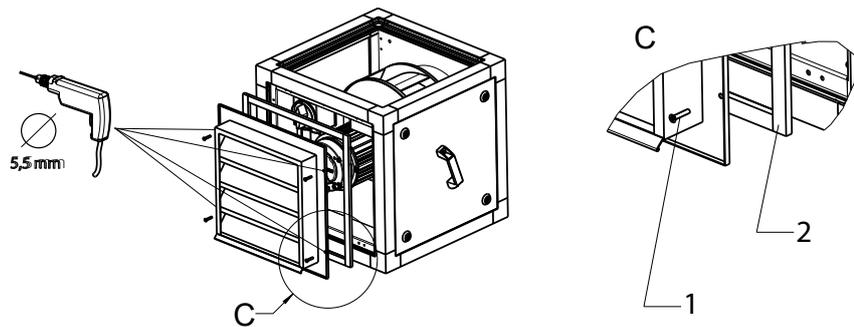

Standard version

- 1 Catch nut
- 2 Cap nut
- 3 Double facets ring
- 4 Double facets ring
- 5 Distance bolt

"Turned" version

- 1 Self-drilling screw
- 2 Microcellular rubber

Note:

The microcellular rubber (included with the delivery of WSG 025 MUB/T complete) with a height of 12 mm has to be used for size 025.
